

Website Accessibility

TK Escapes strives to conform to the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA standards and to comply with the Americans with Disabilities Act (ADA). We work to ensure our website:

- Is navigable by keyboard functionality
- Supports screen reader compatibility
- Uses readable fonts and sufficient color contrast
- Provides alternative text for meaningful images
- Maintains clear structure and consistent navigation

We recognize that accessibility is an ongoing process and are actively working to increase the accessibility and usability of our website.

If you encounter any accessibility barriers while using our website, please contact us so we can provide the information you need through an alternative communication method and address the issue promptly.

Facility Accessibility

In accordance with the Americans with Disabilities Act (ADA), TK Escapes is committed to providing equal access to our facility and experiences whenever reasonably possible.

Because escape room experiences may involve physical movement, lighting effects, sound effects, or themed environments, guests with mobility, sensory, or other accessibility needs are encouraged to contact us prior to booking so we can discuss available accommodations.

We will make reasonable modifications to policies, practices, and procedures when necessary to ensure accessibility, unless doing so would fundamentally alter the nature of the experience or create an undue burden, as defined by the ADA.

Service Animals

TK Escapes welcomes service animals in accordance with ADA guidelines. Service animals must remain under the control of their handler at all times.

Contact Us

If you have questions, require accommodations, or would like to report an accessibility concern, please contact us:
